Happenings of note ...

State Board of Education Meeting

The Alabama State Board of Education will meet in the Sheraton Birmingham Ballroom XI at 9:30 a.m. on Thursday, March 25. No other ACA Convention meetings will be held at this time in order to allow ACA attendees the opportunity to observe the State Board meeting. Everyone is encouraged to attend.

Governor Don Siegelman is the president of the Alabama State Board of Education. Members include Mr. Bradley Byrne, District I; Mr. G.J. "Dutch" Higginbotham, District II; Mrs. Stephanie W. Bell, District III; Dr. Ethel H. Hall, vice president, District IV; Dr. Willie J. Paul, District V; Mr. David F. Byers, Jr., District VI; Mrs. Sandra Ray, District VII; and Dr. Mary Jane Caylor, District VIII.

Chancellor's Art Exhibit

The 1999 Chancellor's Art Exhibition will be held March 24, 1999 immediately following the Chancellor's Awards. This marks the third systemwide art exhibition which began in 1995. It is an annual event which, in 1997, was incorporated into the ACA Convention as an extension of the Chancellor's Awards.

Any part-time or full-time student or employee of The Alabama College System is eligible to participate in the exhibition including Alabama Skill Centers, Alabama Industrial Development Training Institute, and the Alabama Department of Postsecondary Education. The categories for exhibiting artwork include: drawing and print, painting, photography, and sculpture. Selected jurors may select a first, second, and/or third place winner, and an honorable mention in each category. Each winner will receive an awards ribbon and a resolution from the Alabama State Board of Education and the Chancellor of The Alabama College System. An overall "Best of Show" student and employee winner will also be selected. The winning artwork from the student and employee "Best of Show" will be displayed in the reception area of the Alabama Department of Postsecondary Education for one year.

Chancellor's Address

Dr. Fred Gainous, Chancellor of the Alabama College System, will offer his State of Postsecondary Education Address during the Third General Session of the Alabama College Association Convention, Friday, March 26, at 9:00 a.m. As the two-year colleges prepare for the change and challenges presented by a new millennium, the system continues to explore new and innovative ways to meet these changes and challenges. A diverse student population, increased technology costs, and a shifting global economy present opportunities for continued reevaluation of the mission and structure of the two-year college. The Alabama College System educates and trains nearly 100,000 students each year. Hear how we can and will meet their needs.

Newcomers Meeting

Information Services Interest Group moved to Commission on Administration

At the request of Mr. John E. Spence, president of the Alabama College System Information Services Association, the Information Services Interest Group has been moved to the Commission on Administration. This interest group was previously part of the Commission on Support.

Spence filed a petition to the Executive Committee in March

requesting this change. According to Spence, the Information Services Interest Group "would be better served under the Commission on Administration". This action item was approved by the Executive Board and is effective immediately. Therefore, members of this interest group should report to the Commission on Administration meeting for commission elections.
